NATIONAL SEMINAR:
PLANNING AND SUSTAINABLE
MANAGEMENT OF ECOSYSTEMS
(NSPSME'26)

November 11-12, 2026

Hassiba Benbouali University of Chlef

"A strategic crossroads for the future
of our resources: Reconciling science,
management, and sustainability to
preserve tomorrow's balances."

ECOSYSTEMS
to preserve

RESOURCES
to valorize

SUSTAINABILITY
to secure our future

SEMINAR WEBSITE

1. INTRODUCTION AND CHALLENGES:

Why Participate?

In the face of profound climatic and environmental changes affecting the modern world, the accelerated degradation of natural resources calls for urgent action.

Awareness of the central role played by ecosystems in ecological, economic, and social balance has become imperative. These ecosystems provide essential services to humanity — food security, water quality, soil conservation, and climate regulation — making an integrated management approach not optional, but vital.

This national seminar positions itself as a strategic platform to address these contemporary challenges by placing sustainability at the core of development policies. It represents a valuable forum for exchange among researchers, academics, decision-makers, and civil society stakeholders to share expertise and propose practical mechanisms capable of reconciling economic development with environmental protection and the rights of future generations.

Dr. TEBANI Mohamed
Seminar President

2. THEMATIC AREAS: The Scientific Core

Theme 1: Ecosystem Functioning and
Assessment of Ecosystem Services

- Structure, dynamics, and resilience of terrestrial and aquatic ecosystems.
- Impacts of climate change and anthropogenic pressures on ecosystems.
- Assessment of ecosystem services (provisioning, regulating, and cultural services).

This theme provides the scientific basis for understanding and measuring ecosystem conditions.

Theme 2: Sustainable Management and
Valorization of Natural Resources

- Sustainable forestry resource management and biodiversity conservation.
- Soil conservation and sustainable water resource management.
- Sustainable agriculture and food security.

This theme addresses operational mechanisms of sustainable management.

Theme 3: Land Use Planning and
Sustainable Ecological Planning

- Integrated management of sensitive areas (forests, mountains, and watersheds).
- Ecotourism and sustainable valorization of natural territories.
- Modern decision-support tools (GIS, remote sensing, environmental cartography).

This theme connects ecological science with land-use planning policies.

Theme 4: Public Policies and
Environmental Governance

- Legal frameworks, environmental policies, and participatory governance.
- Green economy and sustainable territorial valorization.
- Innovation, ecological transition, and environmental entrepreneurship.

This theme ensures the socio-economic and institutional integration of sustainability.

5. COMMITTEES AND CONTACTS:

Expertise Serving the Event

Dr. TEBANI Mohamed
President of the Seminar

Dr. BRADAI Abdelhamid
President of the Scientific Committee

Dr. KOUADRI SAMEUT Moussa
President of the Organizing Committee

Dr. ABAIDIA Sofiane
Secretariat of the Seminar

3. PARTICIPATION GUIDELINES:

Instructions for Authors

Contributors are invited to submit their work in accordance with the following technical requirements:

- Abstract Format : 200 to 300 words (Microsoft Word format).
- Typography : Times New Roman, size 12, with 2.5 cm margins on all sides.
- Layout :
 - Title: Bold, UPPERCASE, size 14.
 - Authors: Size 10 (the presenting author's name must be underlined).
 - Affiliation: Size 10, italicized.
- Accepted Languages: Arabic, English, and French.
- Types of Contributions:

- Oral Presentation:
Maximum duration of 15 minutes.

- Poster Presentation:
Posters must be rigorously structured and perfectly legible.

4. CALENDAR AND SUBMISSION:

Key Dates

Stage	Deadline
Abstract submission deadline	09/17/2026
Notification of acceptance	10/15/2026
Announcement of the program and presentation type	11/02/2026
Seminar dates	November 11-12, 2026

Submission Email

Contributions must be submitted exclusively by email, using the template available for download on the seminar website :

agde@univ-chlef.dz

6. PUBLICATION

A selection of accepted communications will be published in the journal "Bulletin des sciences géographiques" (BSG) ", in accordance with the submission requirements and standards established by the ASJP platform of the DGRSDT.
